The fields are near and I won't trust the air with secrets  
I can't stop holding this treasure in my arms  
For all the water in the ocean could never turn  
This swan's legs from black to white

Let them say, let them say  
Let them say what they please

You won't be leaving my arms ever, I promise you that  
Even if you want me to let go, honey  
Even if you want me to let go

You won't be leaving my arms ever, I promise you that  
Even if you want me to let go, honey  
Even if you say the things that make me want to lose  
you

We went on drinking, celebrating something  
I looked at you and said that I'm forever yours  
You looked at me and said, oh, the idea of being in  
love  
The idea, the idea of being forever yours

You won't be leaving my arms ever, I promise you that  
Even if you want me to let go, honey  
Even if you want me to let go

You won't be leaving my arms ever, I promise you that  
Even if you want me to let go, honey  
Even if you say the things that make me want to lose  
you

Screaming from the inside of me, a lonely and  
pleading phantasm  
We only get what we see, gazing so desperately  
Between the things that we fear, gazing so desperately  
Elaborate delusions, we're watching segregating  
illusions

Between the things that we see, and the things that we  
fear  
No, no, it won't make them disappear

You won't be leaving my arms ever, I promise you that  
Even if you want me to let go, honey  
Even if you want me to let go

You won't be leaving my arms ever, I promise you that  
Even if you want me to let go, honey  
Even if you say the things that make me want to lose  
you

Even if you want me to let go, honey  
Even if you want me to let go, honey  
Even if you want me to let go, honey  
Even if you want me to let go, honey
