I see the way that you act
I'm not impressed by any of your lies
I see the way you pretend to be so collect
You're out of your mind

You feel over the words that you dropped on the
ground
(Dropped on the ground, oh no)
You're not fooling anybody
(You're not fooling anybody)
And I'm not fooling around
What goes around comes back around
Is coming around for you

So what made you think I wouldn't eventually come out
of my skull?

Above you I hold your secrets they're hanging right
above your head
And you can bet that they'll believe it
And I believed that you're blackmailed and defeated

So what good are your words anyway?
They're just a series of acting and plays
What good are your words anyway?

Somber, dim lights
Somber, dim lights

Your facade, it's not true, it's not you, what a shame
The way you are is why you feel the way you do, your
fallacies

I see the way that you act (you act)
I'm not impressed (no!) by any of your lies (don't be
the seed)
I see the way you pretend (uhhu) to be so collect (you
are)
You're out of your mind, mind!

You feel over the words that you dropped on the
ground

(Dropped on the ground, oh no)
You're not fooling anybody
(You're not fooling anybody)
And I'm not fooling around
What goes around comes back around
Is coming around for you

So what made you think I wouldn't eventually come out
of my skull? (your destiny)

Above all I hold the secrets
They're hanging right above your head baby
You are defeated
This time it's coming back around
Ohh ohhÂ
You are defeatedÂ
Ohh...
(Blackmailed and defeated)

Somber, dim lights
Somber, dim lights

Above you I hold your secret they're hanging right
above your head
And you can bet that they'll believe it
I believe it you're blackmailed and defeated
