(Keep me warm! )  
It existed and come to we're meant together  
Nothing could keep you warmer  
What I wanna know is why your jabbing these feelings  
Make me lose control  
So lets take out the goblet  
Point this straight ahead  
We'll hang them in admit they're wrong  
The girls giving jealousy  
This is killing me  
(This is killing me)  
For worth your twelve inch  
Show that you still care  
(Stop this flame thrower)  
(Stop this flame thrower)  
Show that you feel  
Conversing thoughts with ceiling tiles  
Crashing fists of both grown solid  
Conversing thoughts with ceiling tiles  
Classic fists applaud  
Ceiling tiles from solid walls  
It existed and come to we're meant together  
Nothing could keep you warmer  
What I wanna know is why your jabbing these feelings  
Make me lose control  
So lets take out the goblet  
Point this straight ahead  
We'll hang them in admit they're wrong  
The girls giving jealousy  
This is killing me  
(This is killing me)  
For wroth your twelve inch  
Show that you still care  
(Stop this flame thrower)  
(Stop this flame thrower)  
Show that you feel  
This is spending me  
This is eating me alive  
The knife hits the ground  
A corpse is laying cold  
The ending hurts  
(The ending hurts)

In stained water  
(The end)
