So, here I am again, both of my eyes
So open wide and gleaming
Blank stares with races
Running only an inch behind

Sit back and watch the pavement
Get closer as it aims for your face
As it aims for your face
So step back, let me take over
Step back, let me take over

Can you hear the silhouettes
The slim and dark figures
Rising like giants out of the shadows
They're crawling out, they're crawling out of our skin

Here I am again, we build ourselves
Where monsters used to hide
So step back, let me take over
So step back, let me take over

And we're all whores
Some of us just get paid

Oh, how we celebrate the mediocrity
My feelings crawl the walls
They crawl the walls and finally fall
They finally fall like empires and old loves

Can you hear the silhouettes?
The slim and dark figures
Rising like giants out of the shadows
They're crawling out, they're crawling out of our skin

Let me take over
Oh, how we celebrate the mediocrity
(Let me take over)

Oh, how we celebrate the mediocrity
(Let me take over)
Oh, how we celebrate the mediocrity
(Let me take over)
