I just sleep all day  
And dream the night away  
I think about goin' out  
I think about goin' out

I need a shot of the street  
I wanna be alone in the dark  
I could walk until it gets light  
'Cause I'm addicted to the night

Lookin' for some kicks  
Time to get a fix  
Nighttime speed is what I need  
Nighttime speed, what I need

I need a shot of the street  
I wanna be alone in the dark  
I could walk until it gets light  
'Cause I'm addicted to the night

Optic neon curves  
The light dissolves my nerves  
The midnight sky get me high  
The midnight sky get me high

I need a shot of the streets  
I wanna be alone in the dark  
I could walk until it gets light  
'Cause I'm addicted to the night

Night turns into day  
I need to get away  
It's too bright in the light  
It's too bright in the night

I need a shot of the street  
I wanna be alone in the dark  
I could walk until it gets light  
'Cause I'm addicted to the night

I need a shot of the street

I wanna be alone in the dark  
I could walk until it gets light  
'Cause I'm addicted to the night
