You got a tight pair, loosen 'em up
Go in for a hot reaction,
cause i'm gonna check it out, check it out
and see it for myself if i have to

You got a tight pair, loosen 'em up
Go in for a hot reaction,
cause i'm gonna check it out, check it out
and see it for myself if i have to

if it's not in the rock, not in the groove
got to be in the roll
if it's not in the rock, not in the groove
got to be in the roll
if it's not in the rock, not in the groove
got to be in the roll
if it's not in the rock, not in the groove
got to be in the roll, tight

You got a tight pair, loosen 'em up
Go in for a hot reaction,
cause i'm gonna check it out, check it out
and see it for myself if i have to
