At the age of 15, I watched my dad get beat down  
Billy clubs and black jacks filled the night time sound  
Billy clubs, a concussion was the rule of law  
Billy clubs start swinging, here's a broken jaw

A cried for 2 weeks while I watched my dad suffer  
He said, "Try to be strong, be a man for your mother"  
My dad grabbed my hand and said, "Son, this is drama  
Get out into the world and cause some blunt force"

Get out into the world and cause some blunt force  
trauma  
Get out into the world and cause some blunt force  
trauma

Respect, intellect, style, finesse I address  
The facts of this case I confess are a mess  
I argue my case with a man, judge and jury  
Hold my fist in the air with defiance and fury

Rumble, tumble, fight and fall as fast as I mumble  
Line 'em up, sign 'em up send 'em out to the jungle  
To digress in duress lend an ear for an ear  
Hamper my progress with envy and fear

Get out into the world and cause some blunt force  
trauma  
Get out into the world and cause some blunt force  
trauma

Ishkillyotenboten, ehat do you see?  
A man defending his home and a scared family

Boricua, I am for the rest of my life  
Latino in blood for the rest of my life  
Never in life have I seen such cold trauma

Get out into the world and cause some blunt force  
trauma  
Get out into the world and cause some blunt force  
trauma  
Get out into the world and cause some blunt force

trauma

For the rest of my life
