1. I wish I was a killer  
of every single day I get  
and I am a sinner  
I've done it all by now with no regret  
and I like it  
by now I cannot strike it  
considering what life is  
- all for nothin'

2. ...and I don't adore you  
with every single breath I take  
and I have never bored you  
bored you not at all along the way  
and I tried it  
by now I cannot hide it  
considering what life is  
- all for nothin'?

3. ...and I am an engine  
burnin' hot and dying quickly  
and I am a victim  
another one of time not passing by  
and I like it  
sometimes I really like it  
considering what life is  
- gently broken...

(chorus)  
she said it's seven inches  
it takes some seven inches  
and it makes no sense at all.

4. I wish I was a pistol  
loaded for the final shot  
(mmm) and I'm a crystal  
on my way to cut  
cut your heart out  
I'm here to cut your heart out  
I'm here to cut your heart out  
watch me closely

5. ...and I am not jeleous

of your lack of bitterness  
and I am never cold  
without caresses  
and I like it  
sometimes I really like it  
considering what life is  
gently broken...

she said it's seven inches  
it takes some seven inches  
and it makes no sense at all
