You held my spine  
To see me rise  
Now taste the silence

A brick of light  
Reveals the day  
I smell that you went by  
I see now

Agree to stay  
And spend the night  
Don't be alone now  
You held my hand  
I slipped away

We'd sleep beneath the stars  
How i hate being scared  
The more i think  
The more I do

Still anything  
Reminds me of you  
I smell your hair  
I hear your voice  
I feel you

I wish we knew  
A place to play  
Where no one could find us  
You lied to me  
The other day

Don't keep it all inside  
How I wish I was free  
The more i think  
The more I do

Still anything  
Reminds me of you  
I smell your hair  
I hear your voice  
I feel you
