I got a new
Dredger and it's red
And I start to play
Diggin' in the dirt
All the other kids
Are jealous of my dredger
Big deep shovels
Will blow them all away
I'm just a boy
Lost all his toys
And found them in the rain
And the came the day
Clouds are turning grey
The big deep shovels
Are sticking deeply in the mud
All my new friends
I've never let them play
With my new dredger
So they went all so quickly away
Where are my toys
Where are all my friends
I'm just a boy
Lost all his toy
And found them in the rain
