"Stay With Me"

If you want a lover (who'll) make you feel unbroken,
yeah
If you want a brother (who'll) make you feel like at
home
Home yeah-hay
Here's my devotion
'till it's over, over baby
If you want a short man i would get my hair cut, cut
And if you want less than other girl, I'll be moving
backwards
Backwards yeah-hey
Here's my confession 'till it's over, over yeah-hay
Chorus:
Stay with me my darling stay with me
'till it's over, over, over, over
Yeah-heh-hay 2x
If i had the patience to build you up a fortress
Or if i had devotion I'd off to set a shooting star
Shooting star
Cuz i would do it by perfection
'till it's over over yeah-hay
Chorus
Chorus
Stay with me...stay with me... (over)...stay with me..
(ooh..stay)...stay with me....
