The fields are near and they wont trust the air with  
secrets

I can't stop holding this treasure in my arms  
for all the water in the ocean could never turn  
this world's lungs from black to white

let them say. let them say. let them say what they  
please

you wont be leaving my arms ever. I promise you that.  
even if you want me to let go honey  
even if you want me to let go  
you wont be leaving my arms ever. I promise you that.  
even if you want me to let go honey  
even if you say the things that make me want to lose  
you

we went on drinking, celebrating something  
I looked at you and said that I'm forever yours  
you looked at me and said oh the idea of being in love  
the idea. the idea. of being forever. yeah.

you wont be leaving my arms ever. I promise you that  
even if you want me to let go honey  
even if you want me to let go  
you wont be leaving my arms ever. I promise you that  
even if you want me to let go honey  
even if you say the things that make me want to lose  
you

screaming from the inside of me, lonely and pleading  
phantasm  
we only get what we see; gazing so desperately  
between the things that we fear; gazing so desperately  
alive with illusions; were watching segregating illusions  
between the things that we see and the things that we  
fear  
no no it wont make this easier.

you wont be leaving my arms ever. I promise you that  
even if you want me to let go honey  
even if you want me to let go

you wont be leaving my arms ever. I promise you that  
even if you want me to let go honey  
even if you say the things that make me want to lose  
you

even if you want me to let go honey...
