If I hold my breath  
If I shut my eyes  
If I disappear  
Just for the afternoon  
If I can't help shouting  
If I lock you out  
If it's not important  
Completely unimportant  
To anyone else but me  
We could still belong together  
And together is much better  
We're o.k.  
So hey don't worry now  
Oh wow  
If I interrupt  
And if I cut you off  
And if I like attention  
And other worse things I could mention  
We could still belong together  
And together is much better  
We're o.k.  
So hey don't worry now  
Oh wow  
We could still belong together  
And together is much better  
We're o.k.  
So hey don't worry now  
Oh wow  
But if you make a mistake  
We're through  
We could still belong together  
And together is much better  
We're o.k.  
So hey don't worry now  
Oh wow  
We could still belong together  
And together is so much better  
We're o.k.  
So hey don't worry now  
Oh wow  
Oh wow

This I complicate  
I know  
It's just my way  
But "If" is the question that I ask  
And nothing more
