Featuring Lil' Mama

Intro (Lil' Mama)

When you hear Left Eye

When you hear Lil' Mama (Shake it down now)

You know it's time to get busy

So it ain't really much too talk about

How was it working with her?

It was an honor

Verse 1

Remember way back in the day (hey hey)

When the kids from around the way

Used to come out and play

And the double dutch bus

Had you bumpin' on down the street

Tryin' to move your feet

While you shake your little booty

To the groove of the beat (uh)

To the beat

To the beat (beat)

You hit the corner and you stopped

Hey y'all there's a party on the other block

We hit the jackpot

Jackpot (what what)

And it's only 12 o'clock

And the sun is hot

Free soda pop

We about to rock rock rock rock...

Chorus

Everybody come on

It's about time, that we had a good time

So go put on your clothes and meet me right back  
downstairs

We BBQin' and playing music

Double dutchin, and hula hoopin

Call everybody you know

And tell them we bout to have a

Block party, a block party (Hey)

Block party, a block party (Come on everybody)

Block party, a block party (Hey)

Block party, a block party (Come on everybody)

We were dancing all night long  
We were dancing all night long  
Music pumping and we're jumping  
And they're playin' our favorite songs  
We were dancing all night long  
We were dancing all night long  
Music pumping and we're jumping  
And they're playin' our favorite songs

So I can teach you
