My baby walks to a different beat
He's a little crazy and man he's sweet
He fits my heart like a shark skin glove
Oh mama I'm so in love
I never Knew a man so real
Got a heart of gold and a mind of steel
He treats me like a newborn child
Until midnight and he goes wild-wild-wild
Oh no - out on the floor - here we go - 1,2,3,4
Ride it baby - rope that thing
Make me smile - make me sing
"Oh Law" - I don't know
But I sure like this wild west show
Love's the ticket
He's at my door
Hi-o-honey and away we go
Riding the midnight rodeo
We'll ride the midnight rodeo
There ain't a story that he ain't told
But those levis know their way home
I ain't got an itch that he don't scratch
When it comes to him I got it bad-bad-bad
He said, "climb up here on my white horse"
And I said, "but of course
Ride on ponyman"
And he took my hand
