See if you can't spacially expand my horizon
Then that leaves you in a class with scrubs- never risin
I don't find it surprising it you don't have the G's
To please me, and to bounce from here to the coast of
over seas
So! let me give ya somethin to think about
INUNDATE YOUR MIND WITH INTENTIONS TO TURN YOU
OUT
Can't forget the focus on the picture in front of me...
You as clear as DVD on digital TV screen
Satisfy my appetite with somethign spectacular
Check your vanacular
And then i'll get back to ya

With diamond-like precision
Insatiable is what i invision
Can't detect ACQUISITION
From your friend's expidition

MISTA big willie
If ya really wanna know
Ask chilli
Could i be a silly how?
NOT REALLY! T-Boz and all my senioritas
Is steppin on ya fillas
But you don't hear me THOUGH
