I have walked these city streets alone  
I found no comfort out here on my own  
My feet get tired and my knees get weak  
There's no one left to carry me  
When there's no way in  
And no way out  
You'll hear me say

Keep my head on my pillow  
When the walls all fall down  
Save my tears for tomorrow  
And keep my feet on the ground  
Keep my hands off the wheel  
When it's out of my control  
And keep my eye on that sparrow  
'Cause he knows the way home

The words you speak fall right off your tongue  
They break my bones and the future comes undone  
Between where you go and where I stand  
Blows a hot angry wind  
And I'm fading fast  
'Cause I know we won't pass  
This way Again

Keep my head on my pillow  
When the walls all fall down  
Save my tears for tomorrow  
And keep my feet on the ground  
Keep my hands off the wheel  
When it's out of my control  
And keep my eye on that sparrow  
'Cause he knows the way home

Well maybe I'm weak  
Maybe I think too much  
But I know God and His angels  
Are watching over us.

Keep my head on my pillow  
When the walls all fall down

Save my tears for tomorrow  
And keep my feet on the ground  
Keep my hands off the wheel  
When it's out of my control  
And keep my eye on that sparrow  
'Cause he knows the way home
