### Verse 1

Been a minute since I seen you  
I just been killin time  
Lettin all these n\*\*gas know  
That you gon' always be mine  
Disappeared and reappeared  
We held it down through the years  
All the crazy sh\*t we been through  
Can't take no more tears  
Fell in love when I first met you  
Put you all on my team  
Introduced you to my crew  
Told you my every dream  
It was us against the world  
Nobody could come between  
Passionate, crazy, if you know what I mean  
Can't wait to get back wit you soon as I come off tour  
Musta felt me thinkin bout us there you are at the door  
Both been doin our thing, but ain't a damn thing  
changed  
Always, remember that  
Love me through all the pain

### Chorus

Borrowed Time  
I feel the same  
Yes in my eyes  
It'll never change  
You'll always be my sunshine  
Lasting through my rain  
True will never die  
Real love is here to stay  
Even through the pain

### Verse 2

Remember we was twenty deep  
We used to mob every show  
Whole crew couldn't be faded  
Straight untouchable flows  
Faithful few stayed down

Whether I'm rich or I'm broke  
Trees by the pound, take two tokes  
Straight to the bar, serve my entourage  
All eyes on us, know you seein' some stuff  
In the club plus shoutin'  
You would get cussed out  
My crew, come through, too wile' no doubt  
Anytime you ever needed me I always came through  
Took your career inside my hands and represented for  
you  
It's just a matter of time, before we all gon' shine  
That's real, one love, representin' for mine

Chorus  
Borrowed Time  
I feel the same  
Yes in my eyes  
It'll never change  
You'll always be my sunshine  
Lasting through my rain  
True will never die  
Real love is here to stay  
Even through the pain

Bridge  
And I know no matter where I may go (may go)  
You will always be the angel watching over my shoulder

Even if we're worlds apart I'm drawn to you  
Baby it's ok, it's parta something we'll do

Verse 3  
We started out this game together  
Took it straight to the top  
Grew from shorties into women  
We was neva gon' stop  
Just overpowerin' this industry like heavy weighters  
Risk takers, the hit makers, and no mistakers  
And my whole clique, so sick, like liquid butter-sh\*t  
We spit incredible MTV buzzclips  
Full grown, off on our own, congratulations  
On your newborn child and the weddin situation  
No we still all know  
That we live and we learn  
Come through every situation crossin' bridges we burnt  
And we still the biggest thing the industries eva seen  
That's T-L-C: The Unstoppable Team

Chorus  
Borrowed Time  
I feel the same

Yes in my eyes  
It'll never change  
You'll always be my sunshine  
Lasting through my rain  
True will never die  
Real love is here to stay  
Even through the pain

(2x)  
Even through the pain  
We'll see brighter days  
Cuz real love is hear to stay  
Even through the pain
