Don't wanna live like some scaredy cat  
Over analyzin' this and that  
Choke when it's my turn to bat  
Sit out the last dance  
'Cause here you are in front of me  
Feelin' like every thing I need  
There's so many Possibilities  
If I just take the chance

What if there's a touch  
That calms my deepest fears  
A sunset on an ocean pier  
Where we tell each other our life stories  
All night long untill it's morning  
What if there's a moment sayin'  
Dance, Though there's no music playin'  
And a perfect blue sky backdrop, for a kiss  
Is that what I'd miss?

Part of me wants to just wants to let go  
Let you get into my heart and soul  
The other part it just don't know  
'Cause there's a lot to lose  
I could give all my everything  
No there's nothin' that you wouldn't see  
And it could turn out that you don't love me  
Like I love you

What if there's a house with roses  
And a trellis  
A yard that makes the neighbors jealous  
We're on the front porch holdin' hands  
Makin' all our future plans  
Family pictures on the mantle  
Christmas trees and Roman candles  
Take out menus and weekly grocery lists  
Is that what I'd miss?

What if there's a little girl  
With your blue eyes  
A wall that marks just how time flies

One minute bouncin' on my knee  
Next she's askin' for the keys  
Maybe I should just surrender  
To the hope of things we might remember  
I'll tell my heart I think it's worth the risk  
If that's what I'd miss

That's what I'd miss
