"You always were the one my love wanted  
But to know how definded you were  
Was harder than hard  
Oh baby, you left me here in my room all alone  
And did I ever get to say good bye  
Oh no, ooohh noo

Now you write me a letter and tell me you're sorry  
But the truly chedaction was the words that hurt so bad  
Everything is over  
But somethin' tell me that it's not

Chorus: You made my life so much stronger  
And now made my love strong  
But why do I standing here alone  
Wet and cold  
It's like yield and dreaming of love with you  
But it never comes  
Noo  
OOhhhh nooo

You always kissed me the way I wanted  
You're lips were soft and mine were too yours  
You told me I were the one  
But you left me  
Yeah oh yea  
Ooohh

First you looked like a sweet superstar-slattern  
Then it was just Pretty peace-poodle  
Then I started to love you and I was so enamoured  
Love me, love me, touch meee

Chorus

Rap (Sam Logan): C'mon girl theres more boys out
