You ain't got no flow, you better go run, you better go

Ha-Ha, Ha-Ha

Baby your saying it's time to grow older

I think i'm gonna take it slow

You keep hittin on me

But it's not time for me right now

You want everything a girl can be,

But you don't wanna wait for me

So i'm thinkin it's time to stop with me

Emergency

Cus you've got no flow (no flow)

Better let it go (let it go)

Cus you can't hang low (hang low)

Oh no

Cus you've got no flow (no flow)

Better let it go (let it go)

Cus you can't hang low (hang low)

Oh no

Lately

Your sayin that we could be

What you are thinkin bout secretly

But I-I think that your just playing games (rite now with me)

Don't don't it's gonna do endlessly

So you think your following up with me

Stop stop (stop) it's gettin too hot

So pull yourself back away from me

Cus you've got no flow (no flow)

Better let it go (let it go)

Cus you can't hang low (hang low)

Oh no

Cus you've got no flow (no flow)

Better let it go (let it go)

Cus you can't hang low (hang low)

Oh no

You ain't got no flow, better let it go, don't got no flow
Ooh check it

If you don't got no flow
There's less to give a go
Put down, sist down an leave it alone
I see you better save it for your show
But it takes more than words to get Elise you know
Stop stop it's gettin too hot
But I think a cool shower just might be a spot
Better by the clue if you don't understand, no need to
spell it out
I'm Lisa Roxanne!

Cus you've got no flow (no flow)
Better let it go (let it go)
Cus you can't hang low (hang low)
Oh no
Cus you've got no flow (no flow)
Better let it go (let it go)
Cus you can't hang low (hang low)
Oh no
Cus you've got no flow (no flow)
Better let it go (let it go)
Cus you can't hang low (hang low)
Oh no
Cus you've got no flow (no flow)
Better let it go (let it go)
Cus you can't hang low (hang low)
Oh no
Cus you've got no flow (no flow)
Better let it go (let it go)
Cus you can't hang low (hang low)
Oh no
Cus you've got no flow (no flow)
Better let it go (let it go)
Cus you can't hang low (hang low)
Oh no
