(Gary Burr/Tom Shapiro)

I've found something you've been hiding:
I know exactly what you've done.
No use trying to deny it:
You ain't fooling anyone.
I don't need a sunny day to see the light.
The proof is in my hands, it's there in black and white.
So here's some things that I think you might,
Wanna pack real careful in your bags tonight.

Take that letter from your girlfriend.
Take that gold ring off your hand.
As long as you're going, don't look back.
The door says exit, baby: take that.

For a long time I've had my suspicions,
And you just fed the fire again.
So don't leave nothing to remind me,
Of what a fool I've been.
You act like you don't know what I'm talking about.
You're hoping that I'll see a shadow of a doubt.
Trust me that ain't gonna happen now,
So do me a favour while you're walking out.

Take that letter from your girlfriend.
Take that gold ring off your hand.
As long as you're going, don't look back.
The door says exit, baby: take that.

You act like you don't know what I'm talking about.
You're hoping that I'll see a shadow of a doubt.
Trust me, that ain't gonna happen now,
So do me a favour while you're walking out.

Take that letter from your girlfriend. (Take That).
Take that gold ring off your hand.
As long as you're going, don't look back.
The door says exit, baby:

While you're at it:
Take that promise that you gave me.

Make this heartache disappear.
Take that.
Baby, take that. (Take That).

You better, take that. (Take that).
Take that.
