A voice inside says girl you're moving to fast  
He's like a tornado heading straight down your path  
When I have this conversation I end up  
Asking myself what's not to love?

He can stop a tear, start a fire, tear down walls, build  
desires  
Pull a magic moment right out of thin air  
You know he's gotta make  
Every kiss like the first  
Feed my heart  
Quench his thirst  
A million dreams all rolled into one  
So what's not to love?

I'm losing this battle tryin' to make my heart slow down  
So why keep fightin' the luckiest girl around  
Inside outside he's the right stuff  
Ain't never come down from this sugar rush

He can stop a tear, start a fire, tear down walls, build  
desires  
Pull a magic moment right out of thin air  
You know he's gotta make  
Every kiss like the first  
Feed my heart  
Quench his thirst  
A million dreams all rolled into one  
So what's not to love?

He can stop a tear, start a fire, tear down walls, build  
desires  
Pull a magic moment right out of thin air  
You know it's out of me  
Every kiss like the first  
Feed my heart  
Quench his thirst  
A million dreams all rolled into one  
So what's not to love?

So what's not to love?
