I will learn to love you.

Feels like I'm losing the dream that I haven't send.
That's what you do.
'Cus this is a kind of love that never ends.
Never ends.
I can't my feelings under a lock and key.
I could not show you
And what's killing me.

I will learn to love
And to give you only the best of me
And when you're away
There is nothing left in me.
And too good to be true.
It's not ugly share to say
I will learn to love you
Learn to love you.

Here is my promise that I'll make tonight.
That's what I do.
You can count on me for your whole life.
Ohhh.
Now I know that before you I was blind.
So I opened up my mind
And tell you

I will learn to love
And to give you only the best of me
And when you're away
There is nothing left in me.
And too good to be true.
It's not ugly share to say
I will learn to love you
(Learn to love you.)
I will learn to love you. (Learn to love you.)

You are a flame in my heart.
You are light in the dark.

I will learn to love
And to give you only the best of me

And when you're away
There is nothing left in me.
And too good to be true.
It's not ugly share to say.
It's not ugly share to say.
(I will learn to love you.)

Learn to love
And to give you only the best of me

As long as my heart is beating,
I will learn to love you.
