Play the day again
They're probably watchin'
Try to hang around
Wait 'til you feel up
Are you electrified?
Senses are sensing
Time doesn't matter here
Love is around them
(humming)

Careful not to spin
Into the waves again
You can't get rid of 'em
They're all around here
Are you electrified?
Shiftin' and playin'
Do you remember when
Playing was everything
(humming)

Rules and punishment
Play for the wicked
Shock to the system
Fear isn't everything
Are you electrified?
Seeing is seein'
Just hang around here
Breathing and breathing
(humming)

They're probably anywhere
Clearing the atmosphere
Are you electrified?
Communicating
Senses are sensing
(humming)
