Hey baby Its you I truly adore  
I finally found the peace of never wanting more  
Singin a sweet song of who and where I belong  
I see a vision of a love thats more than strong  
I feel so fine, truly divine  
My dream has come to life, hey yeah  
Youre always there on my mind

Cause when I need two arms that can hold me tight  
A tender loving kiss that can make it right  
Someone to chase the darkness into the light  
I know its true Baby, theres none better than you

Cause my love is true, ooh

Oh my dear I cant say the way that I feel  
You're more than words, you're more than Pictures can  
reveal  
Sugar is sweet but with you its hard to believe  
Theres nothing to compare, you're all I want and need  
Eternally I'm gonna see all that love can be  
Yeah yeah Heaven has given to me

Cause when I need two arms that can hold me tight  
A tender loving kiss that can make it right  
Someone to chase the darkness into the light  
I know its true Baby, theres none better than you

Cause when I need two arms that can hold me tight  
A tender loving kiss that can make it right  
Someone to chase the darkness into the light  
I know its true Baby, theres none better than you

And I know in time Our hearts will be together  
I see your smile and I see forever

Baby, baby  
And our love is true  
Ooh! There's no one better, oh  
Theres no one better than you

Cause when I need two arms that can hold me tight

A tender loving kiss that can make it right  
Someone to chase the darkness into the light  
I know its true  
Baby, there's none better than you
