I really wanna lose you
Never wanted you right from the start
But you kept hangin' on my legs and hips and heart
So inconsiderate the way
You suddenly appear each day
I want you outta my sight
Gonna start tonight

I really wanna lose you
I never want to see you with me again
I really wanna lose you
So much I'll do any-thing
Well, I'll run you
Walk you
Push, pull and shove you
Anything to get this fat off my back
I really wanna lose you
I really wanna lose you

You look so pretty when you're on my plate
But it's such a pity
What you do to my weight
You tempt me with your evil ways
Never let up for a day
I want you outta my sight
Gonna start tonight

(REPEAT CHORUS)

Go away, off my waist and thighs
Go away, and find some skinny guy
I've had it with your dirty tricks
I get you off my belly
And you turn up on my hips

I'm really gonna lose you
I'm never gonna see you with me again
I'm really gonna lose you
So much I'll do any-thing

(REPEAT CHORUS)
