I don't know about you  
As for me I'm through  
Through with always standing still  
Cause now..... Now I'm on the move  
And I can finally see..... The path that's right in front of  
me

It was hard..... I broke down....  
I was kicked to the ground  
I gave up..... I gave out....  
I was lost.... but I found  
I was strong..... didn't need  
Anyone else but me  
In my heart..... always knew  
That in time..... I'd let my spirit carry me

(Chorus)  
Booyah .... Booyah  
Now I'm ready..... I'm open so  
Booyah .... Booyah  
Let it go... Let it blow over  
Booyah .... Booyah  
If it don't work..... just throw it away  
Booyah .... Booyah  
Because life is too short to play

I guess I had to learn  
The tables always turn  
You just gotta roll with it  
I press on... It's just another day  
Whatever comes my way  
I know I can handle it

In the blink of an eye.....  
Dreams can melt in the sky  
And the love that you give  
Is the life that you live  
But I won't change a thing  
Cause I'm still gonna dream  
You can come for the ride  
But if not..... Look out my train is coming through

(Chorus)  
Booyah .... Booyah  
Now I'm ready..... I'm open so  
Booyah .... Booyah  
Let it go... Let it blow over  
Booyah .... Booyah  
If it don't work..... just throw it away  
Booyah .... Booyah  
Because life is too short to play

Look out now I'm on the move  
Jump on my train if you want to  
Just let your spirit carry you  
Cause you can dream if you want to  
Life is too short so don't play  
If it don't work..... throw it all away  
Press on... It's just another day
