I was quiet, and I was tired. and I wanted you to bring me up. You were wrong, and I was right. and I wanted you to bring me up. I wanted you to make it stop, yeah I wanted you to bring me up. Hmm you know me well, this is something that I shouldn't have to tell you. And poking fun at all our friends We've shared humility and orange roses. They had their barbecues, we have our arguments. I wanted you to make it stop, yeah I wanted you to bring me up. We never can agree. You said, "when you don't talk you take it out on me." I was quiet, I was tired. and I wanted you to bring me up. And you were wrong and I was right. and I wanted you to bring me up. We took a ride, on a motorbike. I couldn't talk to you, but my arms Hmm you know me well, this is something that I shouldn't have to tell you. Were wrapped around you tight. we stopped at Smokey's, And I looked up at the sky and took another ride. We parked the bike outside. So scared to be sad, to keep the tears in I was quiet, and I was tired. and I wanted you to bring me up. I wanted you to make it stop, yeah I wanted you to bring me up. And you were wrong and I was right. and I wanted you to bring me up. We had us, is that enough? and what is it worth to you? Hmm you know me well. We had us, is that enough? and what is it worth to you? You said "it's worth everything and baby take a look, It's worth all the pennies in my pocket." I wanted you to make it stop, yeah I wanted you to bring me up. But I was quiet, and I was tired. and I wanted you to bring me up. Have to tell you. I was quiet, and I was tired. and I wanted you to bring me up. Hmm you know me well, this is something that I shouldn't I was quiet, and I was tired. and I wanted you to bring me up Bring me home.. I wanted you to make it stop, yeah I wanted you to bring me up. So I was wrong and you were right.
