Chorus:

Can you feel the beat within my heart  
Can you see my love shine through the dark  
Can you see that you must be a part of that beat in my  
heart

After all that we've been through  
I can't seem to face the fact that boy I'm losing you  
I threw away your ties but through venetian blinds  
I looked and saw my heart just overrule my mind  
And I tried not to let it show  
Now I don't know what to do  
I tell myself I'm lying  
So let's not just let it go  
My heart does double beats for you  
Now you know my love won't grow cold  
Oh this love will turn to gold if we stay in love  
Oh, my love

Chorus

It's like trying to touch the sky but overlook the sun  
That's why reality keeps telling me that you're the one  
Just the very thought of you gets me aroused  
I can feel my heart beat right through my blouse  
And darling I tried not to show  
Now I don't know what to do  
I tell myself that I'm lying  
So let's not just let it go  
My heart does double beats for you, baby  
And I hope you feel the same  
Cause I do know for sure, baby  
As sure as my name  
Oh baby I know that you're the cure  
Now you know my love won't grow cold  
Oh this love will turn to gold if we stay in love  
Oh, my love

Chorus
