() denotes back up vocals

(Chorus)

Let's get the party started
I'll never let you down
I'll give you what you wanted
Let's turn it out we'll turn it out

Listen my baby, because you can't deny
You know you wanna go on the ride of a lifetime
You got me stoked and ready to get it on and turn it out
I'm tryin' to tell you I gotta tell you
We're gonna tear it up (can't wait)

I got the match to set you on fire (can't wait)
I got the goods to get you goin' (can't wait)
Step out the dark release your desire (can't wait)
I got the switch to turn you on (can't wait)

(Chorus)

Let's get the party started
I'll never let you down
I'll give you what you wanted
Let's turn it out we'll turn it out

I got the match to set you on fire
I got the goods to get you goin' (can't wait)
Step out the dark release your desire
I got the switch to turn you on

Listen my baby
I don't want any worries
This is our chance of a lifetime
So get on board
Been around the world and I've seen it all
And now I'm about to show you
Everything will change no looking back
At my life, your life
Been around the world and I know the way
I'll take you so far
Boy it's gonna blow your mind (can't wait)

I got the match to set you on fire (can't wait)
I got the goods to get you goin' (can't wait)
Step out the dark release your desire (can't wait)
I got the switch to turn you on (can't wait)

(Chorus)

Let's get the party started
I'll never let you down (can't wait)
I'll give you what you wanted
Let's turn it out we'll turn it out

I got the match to set you on fire
I got the goods to get you goin' (can't wait)
Step out the dark release your desire
I got the switch to turn you on (can't wait)

Been around the world and I've seen it all
And now I'm about to show you
Everything will change no looking back
At my life, my life
Been around the world and I know the way
I'll take you so far (can't wait)
