Oh, Little Jackie (Little Jackie)  
Alright

Oh, Little Jackie she wants to be a star

She got off a Greyhound in search of fortune and fame  
Hopin' to find a better way and leave her troubles  
behind  
But little did she know that life was sometimes touch  
and go  
Some never get it, open your eyes or you'll learn to  
regret it

Oh, Little Jackie she wants to be a star  
She's caught in the middle (Of reality and what she's  
dreamin' of)  
Oh, Little Jackie she wants to be a star  
(Smack dab in the middle of) Oh, growin' up

(Times Square) Is there where she makes it (Some  
people never get there)  
Then she met a guy (So fine) but he wants to buy  
nothin' but a \$5 high  
Jackie say no (He'll try to change ya) or rearrange you  
(Or rearrange ya)  
Remember what your mama done told ya, never ever  
take gifts from a stranger

Oh, Little Jackie she wants to be a star  
She's caught in the middle (Of reality and what she's  
dreamin' of)  
Oh, Little Jackie she wants to be a star  
(Smack dab in the middle of) Oh, growin' up

I'm talkin' bout  
I said I'm talkin' 'bout Jackie  
Oh, wah, wah, me  
Oh, yeah

All that glitters ain't gold (Don't let the green eyes fool  
ya)  
You're only 16 years old (Don't let the streets try to rule

ya)  
You never meant to be a runaway, oh, no, no, no, no,  
no, no, ho  
There's got to be a better way today, today

Talkin' about Jackie  
(I believe ya, I believe ya)  
(If you believe in yourself I really think you're gonna  
make it)  
Ho... ooh... oh... ooh... yeah  
Talkin' about Jackie  
(I believe ya, I believe ya)  
(If you believe in yourself I really think you're gonna  
make it)

Oh, Little Jackie she wants to be a star  
She's caught in the middle (Of reality and what she's  
dreamin' of)  
Oh, Little Jackie she wants to be a star  
(Smack dab in the middle of) Oh (Growin' up)

(I believe ya, I believe ya)  
Oh, Little Jackie she wants to be a star  
(If you believe in yourself I really think you're gonna  
make it)  
She's caught in the middle (Of reality and what she's  
dreamin' of)

(I believe ya, I believe ya)  
Oh, Little Jackie she wants to be, she wants to be a  
superstar  
(If you believe in yourself I really think you're gonna  
make it)  
(Smack dab in the middle of growin' up, ooh)

Woo... woo... woo... woo... woo... woo...  
(Yeah)
