Hit the beat now...

Lost in emotion

Some guys will promise you a  
Marriage made in heaven  
But I'm gonna stick to my guns  
Like waitin for their love  
That I might be gettin  
My dreams have yet begun  
Oh baby, am I a fool 'cause I don't know  
Just how you feel  
And it's the love for you, oh I  
I can't conceal oh oh

Lost in emotion  
Telling you things  
You really shouldn't know  
Oh baby, I'm lost in emotion  
Am I fool at least my friends think so  
Que sera Que Sera  
Baby, whatever will be,  
Que sera que sera  
Between you and me

Just how true are the rumors  
I am hearing  
About this crush you have on me  
Maybe I'm blind  
'Cause I just don't see it  
But I want to believe  
What they see  
I find myself telling you things  
I don't even tell my best friend  
I keep showin' emotions, not knowin'  
Just wear it all stems from

From time to time I wonder where I am  
In your heart,  
And even though I don't live there yet  
I'm afraid it will be cold and dark

I'm lost in emotion  
Telling you things  
You really shouldn't know  
I'm lost in emotion  
Am I a fool,  
At least my friends think so  
Que sera que sera  
Baby, whatever will be  
Que Sera que sera  
Between you and me  
Oh-ho, you know

Baby am I a fool  
Cause I don't know  
Just how you feel  
And it's the love for you, oh I  
Can't conceal  
Hit the beat now (lost)  
With my feelin' (lost)  
I hit the ceilin' (lost)  
With these emotions (lost)  
I can't be dealin' (lost)  
I wanna be with you (lost)  
But I don't know how (lost)  
In my heart babe,  
I can feel the beat now.

Lost in emotion  
Lost in emotion  
Lost in emotion  
Lost  
My baby  
Lost  
My Baby  
Lost in emotion  
My my my my my baby  
Lost in emotion  
Lost in emotion  
Lost
