It's kinda hard when you're tryin' to stay (with the best love)

That your body's ever known (you started off good)  
But the love hasn't grown and stickin' around isn't workin'

Ya hearts sayin walk away (cause everythings changed)

Right before your eyes (and everythings strange)  
Between you and I because we were lovers before we were friends

Right now I think we need a time out  
Baby all we do is fight now  
And baby that ain't my style

(Chorus)

So I gotta move on (gotsta move on)  
Cause the love is done (I wanna trade it in)  
And get a better one (cause now it don't fit me)  
For either one of us (so I need to get a refund)  
Can I get a refund?

(I gotsta move on) cause the love is done  
(I wanna trade it in) and get a better one  
(Cause now it don't fit) for either one of us  
(So I needa get a refund) can I get a refund?

Like shoes that are just too small  
You try to break 'em in anyway  
You try to wear 'em and forget the pain  
But you can't ignore that it's hurtin'  
And it's just like me and you  
We bit off more than we could chew  
Make the same mistakes most people do  
We need to pack it up and return it in

Right now I think we need a time out  
Baby all we do is fight now  
And baby that ain't my style

(Chorus)

So I gotta move on (gotsta move on)

Cause the love is done (I wanna trade it in)

And get a better one (cause now it don't fit)  
For either one of us (so I need to get a refund)  
Can I get a refund?

(I gotsta move on,) cause the love is done  
(I wanna trade it in), and get a better one  
(Cause now it don't fit,) for either one of us  
(So I needa get a refund,) can I get a refund?

There's nothing else we can do  
(But say goodbye and walk away)  
I made the wrong choice in you  
(So I'ma pack it up pack it up)  
Boy, nothing's changed, what's the use  
In stayin' unhappy  
I gotta leave, (want to) want to get a refund

(Chorus)  
(I wanna trade it in)  
And get a better one (cause now it don't fit)  
For either one of us (so I need to get a refund)  
Can I get a refund?  
(I gotsta move on,) cause the love is done  
(I wanna trade it in), and get a better one  
(Cause now it don't fit), for either one of us  
(So I needa get a refund,) can I get a refund?

I gotsta move on  
I wanna trade it in  
Cause now it don't fit  
So I needa get a refund, can I get a refund?

I gotsta move on  
I wanna trade it in  
Cause now it don't fit  
So I needa get a refund, can I get a refund?
