When I'm done with thinking  
Then I'm done with you  
And when I'm done with crying  
And then I'm done with you  
When I feel so tired  
And then I'm done with you

You know everybody feels this way sometimes  
Everybody feels this way

And I do  
You can't hear it, but I do  
You can't hear it, but I do

You're trying to convince me  
That what I've done's not right  
And I get so frustrated  
I stay up every night  
You ask me for an answer  
And I'm so tired that I'm up in the air, I'm up in the air

You know everybody feels this way sometimes  
Everybody feels this way

And I do  
You can't hear it, but I do  
You can't hear it, but I'm feeling this way  
Just because you say

I will be ignored and I will be denied  
And I could be erased, I could be brushed aside  
And I will get scared and I will get shoved down  
But I feel like I do because you push me around

I'm starting to ignore you  
I've doubted you so long  
I'm tired of over thinking  
I know you don't belong  
Now I'm asking questions  
No one pushes me around

You know everybody feels this way sometimes

Everybody feels this way

And I do  
You can't hear it, but I do  
You don't seem angry, but I do  
I do, I do, I do  
You don't seem angry, but I do  
You can't hear it, but I do  
I, I do, I, I do, I, I do
