I told you I was sorry, I told you I was wrong
I said it was an accident and don't tell anyone
But you love to circle round and round, you're so
misunderstood
Yeah, you love to circle round and round and you know
that we should

Forget about it
Let's forget about it

You lied about how much you knew, I thought you were
my friend
You lied upon the mattress, c'mon tell me where you've
been
You lied about this night apart, you lied about the room
If you're gonna have to lie to me then

Let's forget about it
Let's forget about it
Let's forget about it
Let's forget about it

And I'll stop crying on the mountain that we made
From a molehill where we spilt the milk
Yeah I'll stop crying on the mountain that we made
From a molehill where we spilt the milk

So you say this never happened, just not the way I
thought
Did I throw this out of focus, or was it just the way we
fought?
That it seemed to me you took this girl
But you swear to God it's not

Let's forget about it
Let's forget about it
Let's forget about it
Let's forget about it

I'll stop crying, if you'll stop
I'll stop crying, if you'll stop
I'll stop crying, if you'll stop

I'll stop crying, if you'll stop lying to me
