I remember all the days you were there for me
We were just like tweedle dum and tweedle dee, you
and me
And you could always put a smile on my face
Know when to come around, when to give me space,
yes you did

Staying out of trouble wasn't easy
And all I needed was someone to belief me, there you
were
You caught my back, I know you never fall, fall...

[Chorus]

All the times that you've picked me up (picked me up)
Too the times that you lift me up (lift me up)
Never questioned who I am (who I am)
Always there to hold my hand (no no baby)
When the worlds were closing in (closing in)
You kept me save to start again (start again)
For all the love you've ever shown
I just want to get you to know

I owe it all to you, yeah (I owe it all to you)
I owe it all to you, to you, yeah (I owe it all to you)

There were times when I felt like throwing in the towel
But you thought me how to fight and never let me
down,
Down, down, down, down
And when I stop and think about family
You'll always mean that much to me, yes you will

[Chorus]

All the times that you've picked me up (picked me up)
Took the time to lift me up (lift me up)
Never questioned who I am (who I am)
Always there to hold my hand (hold my hand)
When the worlds were closing in (oowh!)
You kept me save to start again (start again... !)
For all the love you've ever shown
I just want to get you to know

I owe it all to you, yeah (I owe it all to you)
I owe it all to you, to you, yeah (I owe it all to you)

Took me when I am weak
My voice when I can't speak
The fight to carry on
You're my inspiration

The floor beneath my feet
You bring out the best in me
You bring out the best in me, oooh
You bring out the best in me, yeaah!

I owe it all to you, I owe you...
I owe it all to you, yeah...
I owe it all to you, yeah oooh...
I owe it all to you, heeee...

I owe it all to you (Took me when I am weak)
I owe it all to you (My voice when I can't speak)
I owe it all to you (The fight to carry on)
I owe it all to you (You're my inspiration)

I owe it all to you (The floor beneath my feet)
I owe it all to you (You bring out the best in me)
I owe it all to you (You bring out the best in me)
I owe it all to you (You bring out the best in me)

I owe it all to you (Took me when I am weak)
I owe it all to you (My voice when I can't speak)
I owe it all to you (The fight to carry on)
I owe it all to you (You're my inspiration)

I owe it all to you (The floor beneath my feet)
I owe it all to you (You bring out the best in me)
I owe it all to you (You bring out the best in me)
I owe it all to you (You bring out the best in me)
