Out on the road between nowhere and hell
I caught a glimpse of my reflection in you
But they can't believe I still want you around

Hung on the line between addiction and ?
I can't believe you said I hurt you again
But I can't afford to let you get away
And I cannot take the darkness when you stay

You're all I see
And it's definitely my fault
You're all I see
But don't come near me at all

How many roads between your world and mine
How many broken doors and how many fights
I changed my furniture to make you go away
I'm still overwhelmed at how much space you take

You're all I see
And it's definitely my fault
You're all I see
But don't come near me at all

And I can't have you right now
And I can't get it right now
And I can't have you right now
And I can't get it right now

You're all I see
And it's definitely my fault
You're all I see
But don't come near me at all
This is definitely my fault

Hung on the line between addiction and ?
I can't believe you said I hurt you again
