Everybody says it's a perfect day
Sun is in my eyes make it go away
Surrounded by people but I feel so alone
Seems like I fall apart, every time you go

[Chorus]

And too much is never enough, of you
And too much is never enough, of you
Feel you dripping from my pours
But I keep wanting more
Until my skin is bruised

Too much, too much
Is never enough of you
Is never enough of you

Longing for your touch in between my sheets
I just wanna catch, your falling into me
We're melting together, until you make me cry
You can give me all you have, but I won't be satisfied

[Chorus]

Cause too much is never enough, of you
And too much is never enough, of you
Feel you dripping from my pours
But I keep wanting more
Until my skin is bruised
It's never enough of you

Fire the gun, I'll shoot you with love
So you can never relief
I'd use my arms, too turn you away
So you'd always be with me

Cause I can't sleep, I can't sleep without you near
Without you here

[Chorus]

And too much is never enough, of you
And too much is never enough, of you
Feel you dripping from my pours

But I keep wanting more
Until my skin is bruised

Too much, too much
It never enough of you
It never enough of you
