Did you say you would stay forever?
(Promises, promises)
Did I dream or did you mean forever?
(Promises, promises)

Your clothes are bad
And your hair is a mess, look at you
I don't have to stay obsessed but I do

Time after time
It's the same old lies you keep saying
Saying, saying, saying

You love me, there'll never be another
(Promises, promises)
But my, oh my, look what I discovered
(Promises, promises)

I saw you somewhere
You should not be, with someone
I looked and it was not me, now come on

I'm not so naive
And I want to believe you're not playing
Playing, playing, playing

Lies, lies, lies, lies
It's so sad to watch you improvise
Heard it all before, don't wanna hear no more

I'm not staying, staying, staying, staying

Tell my friends it's the end forever
(Promises, promises)
I'm forgetting you
I swear it's true forever
(Promises, promises)

I caught you somewhere
You should not be, with someone
I looked and it was not me, now come on

I'm not so naive
And I won't belief you're not playing
Playing, playing, playing

Promises, promises
Promises, promises
Promises, promises
