Five o'clock in the fire escape symphony  
Spilling out across the road on the squire  
And the skies that sing when you wrote "you think of  
me"  
To parks and leafs reach you there

After the rain in the lonely hours  
He haunts me, crueling out, again and again

[Chorus]  
Sophia, Sophia  
I'm burning, I'm burning  
It's a fire, a fire I cannot put out  
It's a fire, it's a fire I'm burning that's something I  
cannot go without  
And one of them is him

Now I'm walking the streets like a stranger in my  
hometown  
Do the language forms the words when I speak  
But he changed me out this ghosts since he came  
around  
Now I count the hours and the days in the weeks

Passion and silence  
Every word and every line, a measure  
It's the science of the soul  
And it's words de breath the reason  
And now I wanna know

[Chorus]  
Sophia, Sophia  
I'm burning, I'm burning  
It's a fire, a fire I cannot put out  
It's a fire, it's a fire I'm burning that's something I  
cannot go without  
And one of them is him

And you with your new born eyes  
Have you ever loved men  
Like I loved him  
Does your heart still feel alive

Like never before,

Oh Sophia... Sophia

[Chorus]

Sophia, Sophia

I'm burning, I'm burning

It's a fire, a fire I cannot put out

It's a fire, it's a fire I'm burning that's something I  
cannot go without

And one of them is him

I can't go without him...
