I watch you while you're sleeping  
You never know what I might find  
Hope you don't mind me peeking  
Behind those innocent eyes

I say it's female intuition  
You say I'm being paranoid  
I didn't put myself in this position  
You don't leave me no choice

[Chorus]  
Cause I, I'm watching you  
I read every word that you said  
Please, I'm not a fool  
I'm not having this again

So I, I'm watching you  
I found everything you hide  
Please, tell me the truth  
Before this turns to a bitter  
Turns to a bitter love

Allot you've have been deleting  
Cause you know what you've done is wrong  
Not saying you've been cheating  
But where's the evidence gone?

You say I'm being to suspicious  
They say it's best to never know  
Remember I can tell it from your kisses  
And I'm not letting this go

[Chorus]  
Cause I, I'm watching you  
I read every word you said  
Please, I'm not a fool  
I'm not having this again

So I, I'm watching you  
I found everything you hide  
Please, tell me the truth  
Before this turns to a bitter

Turns to a bitter love

Won't you tell me how to find  
The truth behind your lies  
Cause your concealing  
And there's no reason why

[Chorus]

I'm watching you  
I read every word you said  
Please, I'm not a fool  
I'm not having this again

So I, I'm watching you  
I found everything you hide  
Please, tell me the truth  
Before this turns to a bitter  
Turns to a bitter love
