Uh, uh, shake, uh, shake it down now  
Uh, uh, yeah-yeah-yeah-yeah, yeah, yeah one time  
Two times, shake it down now

Remember way back in the day (hey hey)  
When the kids from around the way  
Used to come out and play  
And the double dutch bus  
Had you bumpin' on down the street  
Tryin' to move your feet  
While you shake your little booty  
To the groovey beat (uh)  
To the beat  
To the beat (beat)  
You hit the corner and you start  
Hey y'all there's a party on the other block  
We hit the jackpot  
Jackpot (what what)  
And it's only 12 o'clock  
And the sun is hot  
Free soda pop  
We gonna to rock rock rock rock...

What's your name  
Lisa  
And where you from  
9th street  
Where you goin'  
To the party  
Can I come  
Uh huh  
Ooh...they're playin' hop scotch

Come on  
Come on hop with me  
Come on  
Ooh...them boys is pop lockin'  
Come on  
Come on bounce with me

We were dancing all night long  
We were dancing all night long

Music pumping and we're jumping  
And they're playing our favorite songs

We were dancing all night long  
We were dancing all night long  
Music pumping and we're jumping  
And they're playing our favorite songs

I'm a big city girl  
From all over the world  
And I do what I wanna do  
Right foot left shoe  
Then you take it on down  
Then you shake it around  
Bring it up  
Clap your hands  
Then you turn it all around

We were dancing all night long  
We were dancing all night long  
Music pumping and we're jumping  
And they're playing our favorite songs

Remember when we did the wop (pop pop)  
And you used to make that head bop (bop)  
Like it would never stop (stop)  
And them other grown folks  
Gettin' busy with the gigolo  
Drinkin' Michelob  
It was 6am before they hit the road (uh)  
Hit the road hit the road (road)  
Them fat gold chains and high top banks (hey)  
Run DMC was all you ever played (yeah)  
Shell toe Adidas  
No strings (mmm mmmm)  
There's somethin' cookin' in the pop  
About to hit the spot  
Boombox  
Play me some of that hip hop (hip hop)  
Hip hop hip hop hip hop.....

What's your name  
Lisa  
And where you from  
9th street  
Where you goin'  
To the party
