Lisa maffia

(Can't hide)
Can't hide no more the way i feel about you
(It's been)
It's been goin on too long
(I'm gonna)
I'm gonna
(Play my)
Play my part upon the table
Can't hold back this love is so strong
I can't carry on

[Chorus]
Let me explain how i feel
It's a feeling so real
It's just the things that you do
Got me so in love with you
Let me explain how i feel
It's a feeling so real
It's just the things that you do
Got me so in love with you

(There's been)
There's been times i think i'm going crazy
Can't call when you're not around
(And i)
And i
(Know that)
I'll always love you baby
This is fate i feel it inside finding you what's right

(Searching)
Searching
(Kissing)
Kissing when we are together
You'll be holding me all night

Stay here
Or no fear
Of me leaving baby
And i promise that you'll be my special love

[Chorus]
Let me explain how i feel
It's a feeling so real
It's just the things that you do
Got me so in love with you
Let me explain how i feel
It's a feeling so real
It's just the things that you do
Got me so in love with you

Thinking bout the first time i met you
I fell so in love with you
Wondering whether you'd be more in my life
Coz i needed you

(I...lisa maffia)

Got me so in love with you

Let me explain how i feel
It's a feeling so real
(How i feel)
It's just the things that you do
Got me so in love with you
(Love with you)

Let me explain how i feel
(How i feel)
It's a feeling so real
It's just the things that you do
(That you do to me)
Got me so in love with you

Let me explain how i feel
