Well, what do we have here Daddy? The lights are
quickly changing
Will I leave your heart along with the phone lines you're
erasing?
What a spineless ending
And who would've guessed dear Daddy turned out to
be a coward?
When I turned my back you cut my throat, it bled for
hours
Was that your power?

You, you're the lovely victim again
You, well your heart it's breaking you
You are the only one let down
Now, now you really know

Well, soon here we'll have our dear Daddy with the next
one on her knees
And is she gonna call him Daddy like the rest of them
here?
And how easy it'll be replacing me
And what's that I hear now Daddy? You're blaming it all
on me
Who would know that she did you wrong and of course
you had to leave
And yes, men will agree that you gave it everything

You with the advisors in your ear
You did everything right it's clear
You know I begged you to stay around
Well but I'm gone now

Well, here's to you my darling, leave
You're stubborn and you're free and of course, right
I don't respect the way you leave
You can be no friend to me
I'll say yea, I'll say goodbye

You, you're the lovely victim again
You, well your heart it's breaking you
You are the only one let down
(Now now now)

Now you really know
(Now now now)
(Now really now)

You with the advisors in your ear
You did everything right it's clear
You know I begged you to stay around
(Now)
Well but I'm gone now
(Now now now baby now now)
Ooo well I'm gone now
