Once was lost, now it's over  
I greet the morning, I believe it was the light  
Once was lost, now it's over, without a warning  
I believe it was the night  
'Cause I feel so lost when you're mine  
You can no longer give me that sign  
'Cause you dance just like me... yeah  
Just like me...  
I can't see 'cause, I'm blinded by the ocean  
That you once gave to me  
Why can't I be alone, I get a notion  
That it wasn't meant to be  
But it's easy to see when you're blind  
You can hear me when I make that sound  
'Cause you dance just like me... yeah  
Just like me...  
You can see with no eyes  
You can feel that wind blow  
Through the streets with no lights  
When you feel that you're over and out  
When you need someone there through the night  
I can guide you through fire and ice
