It doesn't matter what I do
Doesn't matter what I say
Your attention's gone away from me, it's changed
It doesn't matter who you are
I don't care who I am
But it's not working
It's not how I planned

No, it's not fine
I'm not all right
It's the same story every time

Well you're just like everyone else
Everyone except myself
How'd you think it feels to be left on the shelf?
I have to hear it every day
About you and what's her name?
And grin and bear it
'Cause there's nothing I can say

No, it's not fine
I'm not all right
It's the same story every time
