Why am I always tired
And I always cry
And I don't care
Why do I always fight
When I wonder why
You don't care

Got it easy and it's not fair
But I'm too lazy and it's not fair
You say it's easy, but I don't care
'Cause I'm too lazy and it's not fair

Why am I always right
Every time
And no one cares
Why do I always lie
When everything's fine
And I don't care

Got it easy and it's not fair
But I'm too lazy and it's not fair
You say it's easy, but I don't care
'Cause I'm too lazy and it's not fair
