She likes cat's eyes  
She lies all the time  
She boasts about what she don't know  
She wastes all your time

She's living a lie  
A waste of a life

I said you don't know me  
You don't owe me at all  
You don't know me  
You don't owe me  
At all

She won't go away  
Big mouth too much to say  
She boasts, but you don't know  
She wastes all your time

She's living a lie  
A waste of a life

I said you don't know me  
You don't owe me at all  
You don't know me  
You don't owe me  
At all
