Don't look back when your kingdom glows  
Don't look down 'cause it's ready to show  
You had a choice but the apple fell too far from the tree

Change, change come on it is too late  
You started praying when you lost your faith  
Nobody's waiting and it's quiet down by the gate

Please, please  
Be there waiting in the tunnel by the end of the light

Who's gonna cry when the whistle blows  
The train is leaving and nobody knows  
So lift your veil so I can see who's chasing me

Somebody loved you but that somebody's gone  
You wait for darkness but you long for the dawn  
It's right beside you but your lips are too dry for words

Please, please  
Be there waiting in the tunnel by the end of the light

When you run the chase has begun  
Hey now look into her eyes and  
Tell me that you don't believe what i see  
Hey now don't go hiding your emotions  
I know you'll go further and I can't stop you

Please
